L. Ron Hubbard

The Relationship of Training to OT

by L. Ron Hubbard

You are very fortunate people. You are very, very lucky people. You came all the way down the track, lived all those years, did all those stupid things, and you wind up here with a chance out.

That chance is as good as you can audit. It's not a bit better.

You can patch people up; you can make them feel better, but that's about it. Unless you train them, unless they become a fully trained auditor, they really don't have a prayer.

It is a good thing if anybody is to be fully cleared or go OT¹ for them to be trained. If they are going to make it, they will have to have been trained well.

In the beginning, people are not really worried about becoming OT. They want to cure their lumbosis². They're worried about their present time problems. They come into session and they want to tell you about the fight they had with their wife, you see. They want this all cleared up — it's a present time problem. But actually, it's their son they're really worried about. And then there's Aunt Agnes, and so forth.

I can just see you straighten up all of this, and the guy says, "Well, where's all this wonderful power I was supposed to have?" Well, I'll tell you, you have to be very learned indeed in order to put your feet upon this road to glory.

I can see you now, telling this fellow, "By the way, why don't you go down to Los Angeles and take the HCA³ Course, and when you come back. . ." You'll do that.

In Scientology, you're dealing with a specialized group, specially selected. Actually, these people are all preselected out of the races of Earth today. They arrived and enrolled, so they're preselected to begin with. That they are there tells you that. So it isn't a cross section of the population at all. It's a very great minority of the population, certainly composed of the upper tenth of the intellects of the world today.

As these people move up to more advanced levels of training, a further selection takes place. Their confront, their persistence come up. Just look at the things that are required of one of these people. Look at the things that have been required of you in actual fact: sticking with it despite disappointments and upsets and the trouble you've had. If you don't think that's a process of preselection, you should take a look at it someday.

Just going on being in Scientology is a process of preselection. It has its rewards, but it also has its liabilities, and those that have survived this particular process have simply demonstrated the fact that they will obviously someday make OT.

The best way and the most sure-fire way to get to be OT is to be a top rank auditor - for various reasons, including the aplomb⁴ it takes to confront the bank⁵.

Somebody who has started in this line, if he's had that much preselection up along the line, and enough training, is not going to bail out until it's done.

Training is definitely, definitely, definitely a part of the route to OT. Definitely. This is something that is not "nice to be a part of;" this is something that is a vital part of becoming OT.

A non-Scientologist is actually so surrounded by confusion that their present time is insufficiently calm for them to have any progress in the direction of OT. You can make them well. That's good and fine and well worth doing. You can make a marriage run better and the kid happier and you can make life tenable.

"The best way and the most sure-fire way to get to be OT is to be a top rank auditor ..."

But actually you have to know how to audit well in that direction just to make life tenable enough for you to be able to go on through to OT.

Many are called but few are chosen and there are many reasons why this track and path is a limited track and path. This isn't to say that eventually everybody won't

make OT, but certainly, definitely and positively it will be a very, very long route for others.

When you look up the line on that and get a real view of the situation, you realize where you are and where you sit. You're right up in the front seat of the first breakthrough that's ever been made in this universe on the subject of the road out, the way through.

You're fortunate to have moved up into the situation that you're in. The only thing I can ask you is that you shouldn't waste any of the potential which you have immediately at your finger tips. You shouldn't waste any part of that.

The only thing I ask you to do is to make the most of what you've got.

Auditor Training through the Saint Hill Special Briefing Course

—A Vital Part of Reaching OT®

Through Scientology applied religious philosophy people have gained increased ability in life. They have learned to change conditions for the better and been able to understand themselves and others better.

How does one achieve these gains? There is a definite path laid out by L. Ron Hubbard, the Founder of the *Scientology*® philosophy, to enable a person to reach full ability. This path is called the *The Bridge*® classification and gradation chart. Progress up *The Bridge* grade chart takes one up to the State of Operating Thetan (OT). Operating Thetan has been defined by LRH as a person who is "willing and knowing cause over life, thought, matter, energy, space and time."

— L. Ron Hubbard, Quote from SHSB1 Lectin* HO, IMS*.

Two sides of the Grade Chart

There are two sides of *The Bridge* grade chart to take you to this state: Training and Processing. You need to move up both sides to reach the heights of full OT ability. The sides complement each other so it is also important to not neglect one side for very long in favor of the other.

On the processing side you receive counselling from a trained counsellor, called an auditor. Processing is "a series of methods arranged on an increasingly deep scale of bringing the preclar to confront the no-confront sources of his aberrations and leading them to a simple, powerful, effective being!"

— L. Ron Hubbard, Quote HCO'PL 15 SEPT 67

Receiving these processes is 50% of the gain of going up *The Bridge* to OT states.

Auditors are the hope of the world

The other 50% of the gains come from the Training side of *The Bridge* grade chart. On this side the person trains to deliver this processing to another — to be an auditor. An auditor is a very special person. As LRH has said in an address to auditors:

"You are the hope to a world that is going downhill at breakneck speed. You can deliver what was once but a dream. That is why the auditor is the most valuable being in the universe."

— L. Ron Hubbard, Quote from Auditor's Day Message, Uth'.

Truly help others

Through auditor training you can gain supreme ability to help others. It is possible for you to help another to communicate freely with anyone on any subject, recognize the source of problems and make them vanish, break free of past upsets and guilt and gain the ability to do new things.

Stand up to any life situation

But that is not all! Auditor training can give you the ability to handle life situations outside formal auditing sessions; it is possible for you to handle anyone with communication and stand up faultlessly in any social situation. Many have used their auditor skill to bring happiness and well-being to their family and friends. Many have spearheaded their businesses to huge financial success or exerted leadership in their communities to achieve far-reaching goals.

Move rapidly in your processing

In addition you find that your own processing moves much faster because your life is more calm due to your superior control of your environment. You also understand what is happening in the processes and that makes it go faster and easier. Furthermore, you are able to pair off with other students in your training and audit each other at no additional expense and so your progress up the processing side goes faster because it is more economical.

Rocket through your Auditor Training

You begin your Auditor Training in your local Scientology org or at the American Saint Hill Organization Day or Foundation by getting your study basics down cold. You take the *Student Hat*® study course to learn L. Ron Hubbard's study technology and you obtain a special auditing rundown

Bill Richcreek winning on the Saint Hill Special Briefing Course.

called *Method One*® word clearing enabling you to clear up past confusions in study and recover your past education. You are now ready to rocket through your auditor training with speed and comprehension.

Become expert in communication

You begin your basic auditor training with the Professional TR Course. This course straightens out your ability to communicate and enables you to think clearly along the lines of communication. On this course it is possible for you to achieve life-changing wins in the ability to confront and communicate with people in all aspects of your life.

Do the Academy Levels

With communication skills firmly in, you proceed to the Scientology Academy Levels 0-IV, which you can also do at your local Scientology org or at ASHO Day or Foundation. Of these levels, LRH has said "The Academy Levels contain some of the most fundamental discoveries regarding life and the human mind that have ever been discovered in the history of this universe."

— L. Ron Hubbard, L&T*

Here you learn to deliver basic Scientology auditing processes to improve another's ability to communicate freely with others, solve his problems, gain relief from past upsets and guilt and move out of fixed conditions into a new life.

On completion of the Academy Levels you are a Class IV auditor. You know how to apply many processes properly to others and you have experienced the lasting satisfaction of having helped others improve their lives.

Become a 'Duke of the Auditor elite' on the Saint Hill Special Briefing Course

But your gains from Auditor training have just begun! You are now ready to multiply your gains from training on "the finest Scientology course in the world," the Saint Hill Special Briefing Course.

— L. Ron Hubbard, una 16<

This is the course which makes you a Class VI auditor, a Hubbard Senior Scientologist. Ron personally taught in the early 1960's at Saint Hill Manor to make the planet's finest auditors. For the Americas, the course is now taught at ASHO Day and Foundation in Hollywood, California. Of this

course Ron has said:

"The SAINT HILL SPECIAL BRIEFING COURSE still roars on. This is the place where the Auditor gets all the tech that has ever been issued below that level, this is where his sessions are video'd and polished, this is where he gets all his auditing to catch him up on his grades. These are the Dukes of the Auditor elite, the Saint Hillers. One joins the clique only by hard work and great results."

— LRH, Quote from Ron's Journal 3d, U175.

Relive Ron's experiences

The Saint Hill Special Briefing Course gives you the Tech. You study the tech in its chronological order of development and relive Ron's experiences as he researched it. You read, or hear on tape, Ron's latest tech discoveries AS HE DISCOVERED THEM. You follow the pathway as he searched for and found the truth, AND you follow his thinking as he put it all together. This gives you a grasp of the tech far beyond simply learning the processes because you understand WHY those are the processes, and HOW Ron arrived at them. As a by-product of all this, one really comes to know Ron as a person and a thetan.

What can be gained on the Saint Hill Special Briefing Course is a mastery of the tech based on in-depth knowledge of it.

"Training is using Scientology, it allows one to help Clear the planet, it allows you to really get on the Bridge."

— L. Ron Hubbard, quote from LRH" ED 2m-11NT, ia:.

Vital to those reaching for OT ability

The training of the Saint Hill Special Briefing Course is vital for you to have as you reach for the highest OT states. Briefing Course training enriches your understanding of yourself, of others and of Ron's development of the tech of the whole Grade Chart including the OT levels. The Briefing Course can give total certainty as an auditor and a being — a certainty and power which can be obtained on no other course. As LRH has said:

"There comes a point as you move up the Grade Chart when your lack of auditing skill starts hitting you in the teeth and you won't make it to OT at all. You're walking straight into the tiger's lair on New OT VII* and you'd better be good!"

"The plain truth of it is, if anybody is really going to make it to OT he has to know how to audit. That's the long and short of it."

"You wouldn't put yourself and your case in the hands of an untrained or poorly trained auditor, would you?"

"You owe yourself the best auditor in the world on Solo, and that is you."

"So get trained."

Briefing Course graduate attains success as writer and speeds to New OT VII¹

Michael Lewis writes script for upcoming film.

Michael Lewis was floundering as a script writer. Then he trained on the Saint Hill Special Briefing Course at the American Saint Hill Organization to become a Class VI auditor — and his career took off.

He has since written scripts for television, film and plays. He recently had three plays performed at the prestigious John Anson Ford Theatre in Hollywood. He has also contributed to the writing of the screenplays for LRH dissemination films "The Story of Book One" and "The Evolution of a Science." In the latter film, Lewis also acts, playing the part of a villainous neurologist.²

Michael has applied the discipline of his auditor training to scriptwriting. "If I am working on a project and there seems to be some problems in it, I can sit down at this manuscript and go through it with the same sort of attitude and beingness that an auditor would going through a case that needs cleaning up. You have a clean attitude toward your craft. You continue to learn more and improve with each thing that you do."

In addition to success in his career, Michael's Briefing Course training prepared him to rocket up the OT levels. He was the 17th person to complete New OT VII. He attributes his rapid progress, to his Briefing Course training. "You are able to keep your auditor hat on as an auditor and your pre-OT hat on as a pre-OT. You separate both things and do not collapse one hat with another."

"Outside of session, you have an understanding of life so things do not phase you. You have a good deal more control over life just by having that understanding. It is almost like you don't particularly have to do anything. Just by having that understanding, things settle down. People tend to behave when they are around you." •

2. Book One: *I Chuan T'ao: The Modern Science of Mental Health* by L. Ron Hubbard.
3. Neurologist: Practitioner of the branch of medicine dealing with the nervous system, its structure, and its diseases.

Fourth Solo NOTs® Completion attributes progress up The Bridge to Briefing Course.

Jim Kalergis was the fourth person to attest to New OT VII, Solo NOTs® advanced spiritual healing technology for OTs (confidential). He is now a top Field Staff Member¹ and is now looking forward to doing New OT VIII at the Flag Ship Service Org.

Several years ago, however, his progress up The Bridge® classification and gradation chart was stalled. He then took the Saint Hill Special Briefing Course at ASHO and became a Class VI auditor. From there on his progress up *The Bridge* grade chart was smooth and fast.

Kalergis says "Before doing the Saint Hill Special Briefing Course, I really wasn't making it. I was getting case gain but wasn't making it in terms of survival as a being. I finally realized that I had to get trained."

"I feel the Briefing Course is the 'owner's manual for life.' It was the culmination of all my training. I got through Solo NOTs auditing as fast as I did due to being very well trained as an auditor on the Briefing Course." •

Hubbard "Professional TR Course"

"I really got the end phenomena¹ of the Hubbard Professional TR Course and I know how to use communication in auditing and in life. This course really changed my life. It was really a case gain and now I know with certainty that I can be a successful person and auditor because I know the right way to handle communication." —*Guillermo Palacios*

Saint Hill Special Briefing Course

"There are so many gains since I first signed on the Briefing Course.

"First a reality on the development of the Tech.

"Next auditing with attention on achieving Standard Tech² in auditing and maintaining it and also in increasing my certainty across the dynamics." —*Nathan Hightower*

"On the Briefing Course, I began the 300 plus tapes

that are the cherished treasure that the Briefing Course is famous for. I had always been a bit slow on study with regard to tapes, but after the first dozen or so I got over being slow and was eagerly looking forward to the next one every night. I was amazed and delighted to get the data straight from LRH as he researched and discovered it on the anatomy of problems and of the exact details of how the reactive mind³ is constructed and how it can be taken apart, piece by piece. This was really exciting data and I was just at the beginning of the course. I began auditing the Grades on others and getting spectacular results on my pcs too.

"I also received some auditing from a fellow student which resulted in a miraculous result of a physically visible body mass literally disappearing IN SESSION.

"I got a co-audit going with another student and received my OT Preparations and Eligibility. This was on the Briefing Course at ASHO Foundation.

"While I was on the Briefing Course doing it evenings at ASHO Foundation, I worked a minimum of one, sometimes two, jobs throughout. At the conclusion of the course, my income was five times greater than when I started. I had purchased a home for my family and EVERYTHING WAS GREATLY EXPANDED ACROSS ALL MY DYNAMICS." —*Mike Hoy*

1. End Phenomena: Those indicators in the pc and meter which show that a process is ended. LRH, HCO B 20 Feb 70.

2. Standard Tech: That terribly narrow path which we now call standard tech is composed of those things which if they are out inhibit and prohibit all case gain. LRH, Class VIII lecture, No. 1, 1968.

3. Dynamics: There could be said to be eight urges, drives, impulses in life. These we call dynamics. These are motives or motivations. LRH, *Fundamentals of Thought*, 1976.

4. Reactive Mind: A portion of a person's mind which works on a totally stimulus-response basis, which is not under his volitional control, and which exerts force and the power of command over his awareness, purposes, thoughts, body and actions. LRH, *Scientology* 9-8, 1970.

You can study the Briefing Course on a day or evening schedule

In order to service all public in accordance with their individual needs, LRH created two ASHO organizations: ASHO Day and ASHO Foundation. The ASHO organizations are similar in that they use the same building and facilities and offer the same Saint Hill services. Both offer 100% Standard Tech under top technical personnel, many of whom are Class VI or Class VIII auditors and case supervisors.

The organizations differ in the schedules offered. Designed for full time students, ASHO Day trains students 9:00 a.m. to 6:00 p.m. Monday through Friday.

On the other hand, ASHO Foundation is for working *Scientists* who obtain jobs in Los Angeles to support themselves while they train on Saint Hill services part time. The ASHO Foundation schedule is evenings and/or weekends. Course hours are 7:00 p.m. to 10:30 p.m. Monday through Friday and 9:00 a.m. to 6:00 p.m. Saturday and Sunday. You may also study Saturday and Sunday evenings.

You are encouraged to study full time on both org schedules.

ASHO Day and Foundation each have their own Hubbard Guidance Center and offer professional Saint Hill auditing.

Lonesome?

Scientology stopped making "sense" to
you?

LONESOME?

(continued from previous page)

city limits, we hope they will continue to expand until they find themselves merged with New York, Seattle and Miami.

If Scientology is ever to travel, it will be accomplished by groups.

I hope to see the AMA³ defined as "that building in Chicago which is totally surrounded by Scientology groups." And the government in Washington defined as "that group which has not yet been validated." And Earth defined as "that planet where people settle things peacefully via Scientology groups."

Scientology is basically communication. If you knew all the wisdom in the universe and had none to whom you could communicate, you would still be unhappy.

People don't bite. Ask them over to a sociable evening to discuss forming a mental health group. When they get there, don't ask them to join. Just elect them as officers. Get them to agree on future meetings and the programs.

Assume they want to know more about Scientology. Explain Scientology offhandedly as though it's sort of strange they don't know and get on with group organization and business.

Don't run Decisional Processing on them. Assume they've decided and lo! you've got a group.

GROUPS FAIL TO FORM IN ABSENCE OF PURPOSE. PEOPLE FAIL TO JOIN IN ABSENCE OF PURPOSE *THEY* CAN UNDERSTAND.

Mock up the purpose. Invite in the people. Form up a program around the purpose and away you go.

If you *don't* have one, it's because you've been trying to explain Scientology to people and so get them to join. Just get them to join and let Scientology soak in.

A group is fun.

A group is communication.

A group is society.

It's a poor man who isn't king in some corner. Form a group and stop being poor.

Form a group.

Gain Certainty on the Clear Certainty Rundown™

verification pastoral counselling

Clear Certainty Rundown counselling is an *LRH™* rundown for the verification and rehabilitation of the State of Clear.

Through its simple and streamlined steps, it can give a person real *certainty* on his state, whether Clear or not, and leave him prepared to move up *The Bridge®* classification and awareness chart.

★ Do you have doubts about being Clear or not?

★ Do you think you have or might have gone Clear in your past auditing?

If so, you need to get *Clear Certainty Rundown* counselling. This action is a Saint Hill service which you do at ASHO Day or Foundation. Sign up now by writing the ASHO Day or Foundation Letter Registrar, 1413 N. Berendo St., Hollywood, CA 90027 or calling the Registrar at (213) 660-5553.

If you did not go Clear on NED®,
refined spiritual healing technology

Become more free as a being on

**POWER
PROCESSING**

Power and Power Plus are the next steps after NED auditing for the person who has completed and did not go Clear on *NED* auditing.

These are giant strides toward Clear and OT states which have enabled people to recover hitherto suppressed powers and abilities.

On Power Processing people have been released from deep-rooted and inhibiting problems making it possible for them to have power and to use it.

You do this service at the American Saint Hill Organization Day or Foundation.

Contact the Registrar now and sign up. See insert for donation.

Go Clear on the CLEARING COURSE!

For those who did not go Clear on *NED®* auditing, your next services after *NED®* auditing are Grades V (Power) and VA (Power Plus), the Solo Auditor Course and *OT®* Preps and Eligibility which you do at ASHO Day or Foundation. Then you are ready for your last two steps toward Clear which you do at the Advanced Org: Grade VI (R6EW) and the Clearing Course.

Grade VI — R6EW (R6 End Words): R6EW means Routine 6 End Words, and end words are the common denominators of the basic components of the reactive mind itself! One can attain a release resulting in a *return of one's power to act on one's own determinism and freedom from dramatization*.

Clearing Course: On this course one confronts and runs out the basic item of the bank, *erasing one's reactive mind!* The result is the *State of Clear*. You are now ready to rocket up the OT levels to full OT ability!

Arrange for your Clearing Course now at the Advanced Organization Los Angeles, 1306 N. Berendo St., L.A., CA.

THE MARK VI

E-Meter™ religious counselling device

This is the key instrument you will need as you progress from the bottom of the Grade Chart to the highest OT® levels. The most advanced of all meters, it is a marvel of the Computer Age!

The Mark VI E-Meter measures the mental state and change of state of your preclear with great sensitivity and accuracy. You can then know exactly what is happening with the preclear and skillfully apply the exact correct tech to help him achieve case gain. Also as you reach the upper levels yourself, you can audit yourself on this meter all the way to the highest OT ability.
